

Comments from 2nd Comprehensive Plan 2040 Open House

July 20, 2017

- Update City Code to allow for urban wildlife waystations (i.e. Native Minnesota Plan Gardens) in yards.
- Suggest to the Blue Line Extension Project Office that light rail cars be earth-toned colors blend in more with neighborhoods and parklands that the trains are traveling through.
- Would like to see more sidewalks and protected bike lanes.
- Make sure the future Robbinsdale Light-Rail Station has a protected bike lock-up.
